Description							
Legislative authorization of proposed administrative rules							

Assumptions Used in Arriving at Fiscal Estimate

The proposed legislation requires a bill authorizing promulgation of a rule to be enacted into law before an agency may promulgate the rule.

The Commission does not anticipate that the proposed legislation will have a fiscal effect. The proposed change, to receive positive legislative approval of administrative rules before promulgating rules, may involve some additional legislative tracking, but the additional Commission workload is estimated to be immaterial. Therefore the new requirement is not estimated to increase Commission costs.
